Dear: Young Person and/or Parent/Caregiver

On behalf of the Ministries of Children and Youth Services, Community and Social Services and Education we are pleased to invite you to a focus group to talk about your experience with the integrated transition planning process. The goal of asking for your feedback is to see what is working well and what could be improved.

The Ministries of Children and Youth Services, Community and Social Services, and Education have been working together to improve transition to adult life for young people and their families. The goal for each young person is to have their own single integrated transition plan. A single integrated transition plan should focus on the young person, their needs and strengths, desires and goals.

The intent of the focus group will be to talk about the integrated transition planning process. The focus group will discuss your experiences with the integrated transition planning process and if this process considered the young person’s goals for work, further education and community living and the steps needed to achieve these goals.

The meeting will be held on March 23, 2016 at Community Living Toronto - 20 Spadina Road from 7:00-8:30 p.m..

Please contact Claire Bérubé at 416-325-0653, if you have any questions.

We look forward to seeing you at the focus group.

Regional Director
