Sometimes, it's just nice to make new
friends.

As a parent to a child (of any age) with special
needs one of the best things you can do for
yourself and your child is to join a support group.

Support groups can be rich in information and extremely helpful
for families raising a child with special needs; you can learn from
the experiences of parents who have been there before and
outside of supporting each other and advocating for your
children, you may also gain new social connections. Everyone is
looking for the best services available out there - for a good
doctor, dentist, therapy and recreational programs, and summer
camps. Let's share what we know.
