

Diversity: What makes you different and unique?

Instructions:

Each flower petal represents a different part of who you are and what makes you diverse. Inside (or beside) each petal write down how you personally see yourself in each category. For example: For "Age" you might write how old you are, and for "Gender" you might write male, female, or other gender you identify with.

Discussion questions:

- What has been your personal experience in life based on each one of your "diversity flower petals?"
- Have you ever experienced negative treatment, or felt like you didn't belong, because of your differences?
- Are you part of a group or community of people that share similarities with you? For example, is there a cultural or faith group that you belong to? Do you see yourself as part of the Black or Aboriginal community?
