

SAFETY IN THE COMMUNITY

WHAT IS PHYSICAL DISTANCING?

- *Avoiding crowded places*
- *Avoiding handshakes or any other physical contact*
- *Keeping a safe space between you and those who are NOT in your household (at least 6 feet)*

IS IT SAFE TO GO INTO THE COMMUNITY?

- *Yes, it is safe as long as I wear a mask*

AND

- *Keep a safe space between me and those who are NOT in my household*

DO I HAVE TO WEAR A MASK INDOORS?

- *Yes, I must wear a mask at all indoor spaces in the community*

AND

- *I must practice physical distancing from those NOT in my household*

Physical Distancing

THIS INCLUDES PLACES IN THE COMMUNITY LIKE:

- *The grocery store*
- *Doctor's office*
- *Restaurants*
- *Malls*
- *Public transportation*

**I HAVE TO PHYSICALLY DISTANCE
WHILE:**

- *Walking in the mall*
- *Waiting in line*
- *Waiting to see the Doctor*

*This means always keeping a
safe space between me and
those NOT in my household*

SOMETIMES THERE ARE FOOTPRINTS OR ARROW STICKERS ON THE GROUND THAT HELP WITH PHYSICAL DISTANCING

These stickers can be found at outdoor or indoor spaces

- *The footprint sticker shows me where I should stand*
- *The arrows show me in which direction I should be walking*

BEFORE ENTERING AN INDOOR SPACE:

- *I may be asked to sanitize my hands*

WHEN WALKING IN THE COMMUNITY OR GOING TO THE PARK:

- *I will leave a safe space between me and those who are NOT in my household*
- *Wearing a mask outdoors will also help keep me and others safe*

WHY DON'T SOME PEOPLE HAVE TO WEAR A MASK?

- *Those who don't have to wear a mask usually have trouble breathing OR have other related medical issues*

AND THAT IS OK!

WHAT IF I REFUSE TO WEAR A MASK INDOORS WITHOUT REASONABLE CAUSE?

- *If I refuse to wear a mask, I will NOT be able to enter the building or space*

PREVENTION OF COVID-19

ALCOHOL GEL
Use alcohol gel to disinfect your hands when you are away from water.

FACE MASK
Wear a face mask in public places, especially when you are coughing or sneezing.

WASHING HANDS
Wash your hands with soap and water for at least 20 seconds.

I CAN STAY SAFE BY PRACTICING:

- *Good hand hygiene*
- *Wearing a mask when I am in the community (indoor or outdoor)*

AND

- *Physical distancing from those who are NOT part of my household*
