

Casting Call!

Toronto Public Library is seeking children with visible disabilities and their families/caregivers to participate in a photo shoot for a social story project.

A social story outlines an experience from beginning to end so a child knows what to expect. Our goal is for children with a broad range of abilities to be represented in the story and feel welcome in the library.

Due to current COVID-19 restrictions, all participants will be required to follow the library's COVID-19 protocols, including [Mandatory Use of Mask or Face Covering](#), maintaining a distance of 6 feet (2 metres) from others, and hand washing.

Details:

- **Who:** Children, 6 years and under, who identify as having one or more visible disabilities, and/or who use an assistive device, accompanied by a family member or caregiver. A limited number of spots are available.
