OTHER THINGS TO NOTE:

There are multiple types of haunted tours online that can be accessed from anywhere in Ontario. You can even find some virtual haunted tours from Europe, United States, and other provinces within Canada. If you attend a virtual haunted tour in another country check to ensure that it is in a language you will understand and be able to participate in as they may not offer haunted tours in English or French. Finally, prices in another country will utilize their currency. It is important to remember currency conversions so you can have a better idea of how much it will cost.
