

How to Draw

Beginners Edition

ConnectABILITY.ca

WHAT MAKES IT MEANINGFUL

Why draw? Drawing is a great tool to express yourself, communicate a desire, a feeling, or aspirations. Art is the in the eye of the beholder and Drawing is its blue print. Drawing enables us to pencil to paper where lines and shapes ultimately become the window into the soul of our reality. There are no limits to our creative nature and drawing seeks to “draw’ that out in each of us. Be creative! Draw up a storm and let that creativity out! And above all, have fun.

In this Activity we will be following a guided beginners drawing tutorial to get us in the practice of drawing. Enjoy!

TIME

Each drawing will be between 15-30 minutes to complete.
