

## Healthy Relationships

The RelatABILITY program is a multi-week, interactive workshop series about consent for youth and adults with developmental disabilities. The program uses a wide range of activities to bolster participants' knowledge and understanding of consent and body ownership, with an emphasis on increasing self-advocacy skills within relationships.

RelatABILITY recognizes the importance of providing accurate information about gender and sexuality to promote healthy relationships.

This program is offered in partnership with CANVAS Art Action Programs.

Monday evenings from 6:30 - 8:30 pm March 27 - May 22, 2024
