

# SEEKING A HOUSEMATE IN THE LESLIEVILLE AREA

Seeking a man with a developmental delay to share a great home, with a terrific team of caregivers and two other housemates. Are you interested in having a say in creating a home away from your family home? Do you have the support of your family? We currently have room for a third housemate.

A few details:

We have a detached home in Leslieville, with 4 bedrooms and 4 bathrooms, a living-room, a craft/music room and a kitchen. Our care team supports the residents with their self-care and daily routines, planning activities and outings and preparing delicious and nutritious meals. Residents attend day programs, so the house is not staffed between the hours of 9 a.m. and 3 p.m. The house is closed on weekends and residents return to their family homes. One weekend per month, residents stay together at their shared home, with additional staff.
