

# TTC Training Workshop

## Wheel-Trans Information Session at FST

Join us for a TTC Travel Training & Wheel-Trans Information Session - a valuable opportunity for individuals with disabilities, caregivers, and service providers to learn more about the wide range of supports, accessibility features, and assistance available when navigating Toronto's public transit system.

### Benefits:

- Ask questions and meet with TTC staff who can provide personalized advice.
- Gain insight into Wheel-Trans services, including eligibility, booking options, and travel tips
- Demonstrations of accessible features on TTC vehicles and stations
- Learn about resources for caregivers, families, and community organizations to better support individuals with diverse mobility or cognitive needs.

The TTC's Travel Training Program is free, and provides customers with personalized training over the phone, virtually, or in-person route training.
