The [Ontario Caregiver Organization](#) is providing one-time grants to support new and existing Family Support Networks (FSN) across Ontario. This grant program is funded by the Ministry of Children, Community and Social Services (MCCSS).

We want to make it easier for families and caregivers of people with a developmental disability to find peer to peer support in their community, share information, and build connections for their own well-being and the people for whom they provide care.

This grant is open to Family Support Networks in Ontario that include members who are family or unpaid caregivers of an **adult** with a developmental disability. Organizations whose mandate is to support and empower family-led Family Support Networks may also apply.
