

## CREATIVE CIRCLE TIME: MUSIC, STORIES & GAMES

---

### HOT POTATO

Have the children form a circle either standing or sitting. Hand one child the potato and have them pretend it's hot, passing it along as quickly as they can. Play music and have the children begin to pass the potato around the circle to the player next to them. Stop the music. Whoever is holding the potato gets a hug or high five from the children on each side of them.

*(You can also choose to pass other objects, such as a bean bag, a small ball or a favorite toy)*
